Forward Looking Statements.

This presentation contains statements that constitute “forward-looking statements” within the meaning of the Securities Act of 1933, as amended and the Securities Exchange Act of 1934, as amended, and the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on the current beliefs, expectations and assumptions of Ceragon’s management about Ceragon’s business, financial condition, results of operations, micro and macro market trends and other issues addressed or reflected therein. Examples of forward-looking statements include, but are not limited to, statements regarding: projections of demand, revenues, net income, gross margin, capital expenditures and liquidity, competitive pressures, order timing, supply chain and shipping, components availability; growth prospects, product development, financial resources, cost savings and other financial and market matters. You may identify these and other forward-looking statements by the use of words such as “may”, “plans”, “anticipates”, “believes”, “estimates”, “targets”, “expects”, “intends”, “potential” or the negative of such terms, or other comparable terminology, although not all forward-looking statements contain these identifying words.

Although we believe that the projections reflected in such forward-looking statements are based upon reasonable assumptions, we can give no assurance that our expectations will be obtained or that any deviations there from will not be material. Such forward-looking statements involve known and unknown risks and uncertainties that may cause Ceragon’s future results or performance to differ materially from those anticipated, expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to: Company’s forward-looking forecasts, with respect to which there is no assurance that such forecasts will materialize; Company’s ability to future plan, business, marketing and product strategies on the forecasted evolution of the market developments, such as market and territory trends, future use cases, business concepts, technologies, future demand, and necessary inventory levels; the effects of global economic trends, including recession, rising inflation, rising interest rates, commodity price increases and fluctuations, commodity shortages and exposure to economic slowdown; The effects of the evolving nature of the war situation in Israel and the related evolving regional conflicts; risks associated with delays in the transition to 5G technologies and in the 5G rollout; risks relating to the concentration of our business on a limited number of large mobile operators and the fact that the significant weight of their ordering, compared to the overall ordering by other customers, coupled with inconsistent ordering patterns, could negatively affect us; risks resulting from the volatility in our revenues, margins and working capital needs; disagreements with tax authorities regarding tax positions that we have taken could result in increased tax liabilities; the high volatility in the supply needs of our customers, which from time to time lead to delivery issues and may lead to us being unable to timely fulfil our customer commitments; and such other risks, uncertainties and other factors that could affect our results of operation, as further detailed in Ceragon’s most recent Annual Report on Form 20-F, as published on March 25, 2025, as well as other documents that may be subsequently filed by Ceragon from time to time with the Securities and Exchange Commission.

We caution you not to place undue reliance on forward-looking statements, which speak only as of the date hereof. Ceragon does not assume any obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release unless required by law.

While we believe that we have a reasonable basis for each forward-looking statement contained in this press release, we caution you that these statements are based on a combination of facts and factors currently known by us and our projections of the future, about which we cannot be certain. In addition, any forward-looking statements represent Ceragon’s views only as of the date of this press release and should not be relied upon as representing its views as of any subsequent date. Ceragon does not assume any obligation to update any forward-looking statements unless required by law.
