Rosh Ha'ain, Israel, February 08, 2023 - <u>Ceragon Networks Ltd</u>. (NASDAQ: CRNT), the global innovator and leading solutions provider of 5G wireless transport, today reported its financial results for the fourth quarter and full year ended December 31, 2022.

Doron Arazi, CEO, commented: "I'm pleased to share that we had a very good 2022 in terms of the strength of our business, as reflected in our bookings. The second half of the year showed significant improvement in our revenue levels and profitability thanks to our relentless execution of our Growth Strategy and changing supply chain dynamics, which continue heading in the right direction.

We achieved 33.1% gross margin and a \$3.2 million in operating profit in the fourth quarter 2022 on a non-GAAP basis. Our revenues and profits would have been even higher were it not for unforeseen outside events. A month into 2023, we are mostly caught up on our revenue shift from the fourth quarter 2022.

We are starting 2023 with a strong backlog and a positive operational momentum."

Revenues were \$75.5 million, a decrease of 3.0% compared to \$77.8 million in Q4 2021 and 4.1% compared to \$78.6 million in Q3 2022. The decrease is mainly attributed to a policy change by one of our customers regarding equipment receipt prior to year-end.
