

Ceragon Brings New E-Band Innovation and a Portfolio Built to Scale to India Mobile Congress 2026

Rosh Ha'ain, Israel, October 6, 2026 – Ceragon (NASDAQ: CRNT), a leading solutions provider of end-to-end wireless connectivity, is heading to India Mobile Congress (IMC) 2026 with new technology and live demonstrations focused on some of operators' biggest priorities: adding capacity, reaching farther, and running networks more efficiently.

IMC 2026 takes place October 7–10 at Yashobhoomi in New Delhi. Visitors can find Ceragon at Booth #2B-13-20.

At the center of this year's showcase is the launch of the **IP-50EXA-P**, Ceragon's new high-power E-band solution. The IP-50EXA-P combines industry-leading transmit power of up to 27 dBm and optional 2- or 3-foot E-stabilizer antennas. With up to 20 Gbps in a 2+0 configuration and support for multiband deployments, this product delivers E-band capacity over distances comparable to that of traditional microwave. The IP-50EXA-P is expected to be commercially available in the first quarter of 2027.

The IP-50EXA-P further expands Ceragon's advanced E-band portfolio, which includes a broad range of solutions designed to address diverse capacity, distance, and deployment requirements, making Ceragon the partner of choice for operators looking to scale their networks with E-band technology. Visitors to the Ceragon booth can also explore:

- **IP-100E** – See up to 25 Gbps delivered in a single box.
- **Siklu by Ceragon MultiHaul TG** – Explore flexible, multi-gigabit V-band point-to-multipoint connectivity.
- **Ceragon Insight and Ceragon IMS** – See how AI, automation, and end-to-end visibility can make networks easier to manage.
- **IP-100FR2** – Discover new opportunities for gigabit connectivity using FR2 spectrum.

Ceragon executives will also share their perspectives on intelligent RAN and the future of spectrum in two IMC panel discussions on October 7:

- **Intelligent RAN for Smart and Adaptive Connectivity** – Ulik Broida, Chief Product Officer, Ceragon | 3:00 p.m. | SASHAKT (EXPO HALL 1)
- **Spectrum Landscape: Navigating the Present, Shaping the Future** – Pratiyush Kumar, Vice President of Presales Engineering, Ceragon | 3:00 p.m. | SURAKSHA (EXPO HALL 1)

"We've spent 30 years working alongside operators as their networks—and the demands on them—have continued to evolve," said Doron Arazi, CEO of Ceragon. "This year, we're coming to IMC with strong momentum and plenty to show. The new IP-50EXA-P builds on our E-band leadership, while the rest of our showcase gives customers a broader look at how we can help them add capacity, work smarter, and keep scaling."

Join Ceragon at India Mobile Congress 2026, Booth #2B-13-20, and see what's built to scale. To set up a meeting with Ceragon at IMC, [CLICK HERE](#).

About Ceragon

Ceragon (NASDAQ: CRNT) is the global innovator and leading solutions provider of end-to-end wireless connectivity, specializing in transport, access, and AI-powered managed & professional services. Through our commitment to excellence, we empower customers to elevate operational efficiency and enrich the quality of experience for their end users.

Our customers include service providers, utilities, public safety organizations, government agencies, energy companies, and more, who rely on our wireless expertise and cutting-edge solutions for 5G & 4G broadband wireless connectivity, mission-critical services, and an array of applications that harness our ultra-high reliability and speed. Ceragon solutions are deployed by more than 600 service providers, as well as more than 1,600 private network owners, in more than 130 countries. Through our innovative, end-to-end solutions, covering hardware, software, and managed & professional services, we enable our customers to embrace the future of wireless technology with confidence, shaping the next generation of connectivity and service delivery. Ceragon delivers extremely reliable, fast to deploy, high-capacity wireless solutions for a wide range of communication network use cases, optimized to lower TCO through minimal use of spectrum, power, real estate, and labor resources - driving simple, quick, and cost-effective network modernization and positioning Ceragon as a leading solutions provider for the “connectivity everywhere” era.

Safe Harbor

This press release contains statements that constitute “forward-looking statements” within the meaning of the Securities Act of 1933, as amended and the Securities Exchange Act of 1934, as amended, and the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on the current beliefs, expectations and assumptions of Ceragon’s management about Ceragon’s business, financial condition, results of operations, micro and macro market trends and other issues addressed or reflected therein. Examples of forward-looking statements include, but are not limited to, statements regarding: projections of demand, revenues, net income, gross margin, capital expenditures and liquidity, competitive pressures, order timing, supply chain and shipping, components availability, growth prospects, product development, financial resources, cost savings and other financial and market matters. You may identify these and other forward-looking statements by the use of words such as “may”, “plans”, “anticipates”, “believes”, “estimates”, “targets”, “expects”, “intends”, “potential” or the negative of such terms, or other comparable terminology, although not all forward-looking statements contain these identifying words.

Although we believe that the projections reflected in such forward-looking statements are based upon reasonable assumptions, we can give no assurance that our expectations will be obtained or that any deviations therefrom will not be material. Such forward-looking statements involve known and unknown risks and uncertainties that may cause Ceragon’s future results or performance to differ materially from those anticipated, expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to: Company’s forward-looking forecasts, with respect to which there is no

assurance that such forecasts will materialize; Company's ability to future plan, business, marketing and product strategies on the forecasted evolution of the market developments, such as market and territory trends, future use cases, business concepts, technologies, future demand, and necessary inventory levels; the effects of fluctuations in currency exchange rates between the currencies in which we operate; the effects of global economic trends, including recession, rising inflation, rising interest rates, commodity price increases and fluctuations, commodity shortages and exposure to economic slowdown; risks related to the war situation in Israel and the escalation of hostilities in the Middle East; risks associated with delays in the transition to 5G technologies and in the 5G rollout; risks relating to the concentration of our business on a limited number of large mobile operators and the fact that the significant weight of their ordering, compared to the overall ordering by other customers, coupled with inconsistent ordering patterns, could negatively affect us; risks resulting from the volatility in our revenues, margins and working capital needs; disagreements with tax authorities regarding tax positions that we have taken could result in increased tax liabilities; the high volatility in the supply needs of our customers, which from time to time lead to delivery issues and may lead to us being unable to timely fulfil our customer commitments; risks relating to the conversion of bookings into revenues, that may be adversely affected by changes in customer requirements, evolving needs, or deployment timelines, order cancellations or modifications, or macroeconomic conditions; and such other risks, uncertainties and other factors that could affect our results of operation, as further detailed in Ceragon's most recent Annual Report on Form 20-F, as published on April 15, 2026, as well as other documents that may be subsequently filed by Ceragon from time to time with the Securities and Exchange Commission.

We caution you not to place undue reliance on forward-looking statements, which speak only as of the date hereof. Ceragon does not assume any obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release unless required by law.

While we believe that we have a reasonable basis for each forward-looking statement contained in this press release, we caution you that these statements are based on a combination of facts and factors currently known by us and our projections of the future, about which we cannot be certain. In addition, any forward-looking statements represent Ceragon's views only as of the date of this press release and should not be relied upon as representing its views as of any subsequent date. Ceragon does not assume any obligation to update any forward-looking statements unless required by law.

Ceragon's public filings are available on the Securities and Exchange Commission's website at www.sec.gov and may also be obtained from Ceragon's website at www.ceragon.com.
