

CERAGON FULL NETWORK OPERATIONS SERVICES

Comprehensive Management.
Predictable Outcomes.

For **service providers, mobile operators, and mission-critical industries** such as utilities, energy, mining, public safety, and defense, Ceragon delivers end-to-end network operations services that ensure performance, resilience, and predictable cost of ownership.

TRANSFORM NETWORK OPERATIONS INTO A FULLY MANAGED SERVICE

SINGLE POINT OF ACCOUNTABILITY

Ceragon owns operations across the full stack, from design and configuration to monitoring, change management, and on-site field support.

END-TO-END LIFECYCLE MANAGEMENT

From network planning and build, through daily operations, upgrades, and continuous improvement, we handle it all.

GUARANTEED SLA

Performance, availability, response, and restoration commitments tailored to your business needs.

PREDICTABLE OPEX MODEL

Reduce operational overhead and eliminate the complexity of multi-vendor, multi-domain environments.

SERVICE CAPABILITIES & BENEFITS

CAPABILITY	BENEFITS
24/7 NOC & Field Operations	Continuous monitoring with rapid remote and on-site response.
Incident & Service Management	Ensures rapid fault detection, service continuity, and fast resolution through proactive monitoring, stakeholder alignment, and root cause analysis.
Performance & Optimization	Delivers continuous visibility into network health, proactive prevention of failures, and secure configuration control to maintain peak performance.
Lifecycle & Field Operations	Supports long-term network evolution with design, upgrades, and on-site maintenance to sustain reliability and growth.

OPERATIONAL OUTCOMES BY INDUSTRY

CSPs | ISPs: Optimized performance, SLA compliance, and reduced MTTR across large-scale, multi-vendor networks.

Utilities | Energy | Mining: Continuous, secure operations across remote and high-risk environments.

Public Safety & Defense: Assured availability and resilience for mission-critical, real-time communications.

Smart Cities: Reliable connectivity for critical urban infrastructure and IoT systems.

WHY CERAGON

- SECURE** - Cyber-compliant solutions aligned with critical infrastructure needs
- COST-EFFECTIVE** - Lower total cost of ownership and fewer field incidents
- RELIABLE** - Proven performance in the world's most demanding networks
- FLEXIBLE** - Customizable service packages to match your goals

WE HANDLE THE NETWORK. YOU POWER THE GROWTH.
